

Faking It Slightly
2/24-26, 2012
FUNdraiser for the Center

Life is too serious to be taken so seriously. - Grandpoppy bear

You are invited to spend a weekend in laughter and fun, as we parody Taking It Lightly in the play-filled "Faking It Slightly." **Only 25 people** get to join Patricia Clason and Jim Gramza on this crazy ride of twisted imitation and improvisation. So take action quickly!!

[Like right NOW!](#)

We are doing Faking It Slightly as a FUNdraiser to help keep the doors open at the Center. The economic challenges of the last two years are catching up to us. Patricia has been covering the monthly shortfalls so far. Now we are stepping up to help out. Spread out over a large group, it will be easy to raise a few months' rent to lighten the load.

For only \$111.11 (that's just the minimum gift we are requesting), you can be a part of this experience. This may well be a once in a lifetime opportunity to ROFL (roll on the floor laughing) because OMG (oh my god) it's going to be a riot! Increase your t-cell count, lower your blood pressure, release endorphins that relieve pain - yes, laughter can do all that **and** more!

So save your shekels, both paper and coins, to Pay It Forward while having a crazy good time. You can secure your spot with an immediate deposit of \$25. *If you are ready*, you can pay in full now to make sure no one else gets your chair or pillow. Contributions of more than \$111.11 can be made by cash or check payable to the Center (*This must be sent separately as the registration system does not allow you to pay more than the listed price of the course - silly system*).
